GO WITH GAME READY TO HEAL FASTER AND RECOVER BETTER FROM HEAD TO TOE

Beyond passive cold and compression applications, Game Ready® gives you the proactive power to help manage pain, heal faster, and recover better.

Game Ready's innovative ACCEL® Technology (Active Compression and Cold Exchange Loop) combines active compression and cold therapies in a revolutionary

treatment system. Now you have the therapeutic power to enhance lymphatic function, encourage blood flow, and help stimulate tissue repair – all in a safe, non-narcotic application.

For acute or traumatic musculoskeletal injury and post-op recovery, do more than treat symptoms. Go with Game Ready and help accelerate healing from head to toe.

COMPRESSION AND COLD WORKING TOGETHER LIKE NEVER BEFORE — GAME READY WRAPS FOR THE WHOLE BODY

Created specifically for each body part, every ergonomic wrap in the comprehensive Game Ready line provides low-profile design, optimal circumferential coverage, and better surface contact for more effective therapeutic treatments. And because Game Ready wraps fit better, they feel better too – which enhances patient comfort and increases compliance.
